BA 5872

Preservation & Sealing Tape

Description:

BA 5872 is a single-sided preservation and sealing tape made with a heavy-duty, weather-resistant polyethylene backing paired with a clean removal rubber adhesive. BA 5872 is designed for long-term protection, outdoor storage, and splicing tasks where durability and reliable performance are essential. BA 5872 adheres securely to contoured and uneven surfaces, remains stable under UV exposure, and resists breakdown during extended outdoor conditions.

Features & Benefits:

- Adheres well without ghosting
- Clean removal adhesive
- Highly conformable to irregular surfaces
- UV & weather resistant

Applications:

Aircraft & boat masking | Outdoor preservation | General masking, sealing or splicing
