BA 7165

UV Surface Protection Tape

Description:

BA 7165 is a flatback paper UV surface-protection tape designed for safeguarding sensitive and rough surfaces during painting, storage, and transport. BA 7165 features a durable, waterproof paper backing paired with a high-performance acrylate adhesive that provides strong outdoor resistance for up to twelve weeks.

Features & Benefits:

- Conformability
- Hand tearability
- Paint anchorage
- Sharp color edge
- Suitable for rough surfaces
- Suitable for sensitive surfaces

Applications:

Short term masking during wave soldering

Surface protection during transport or storage of high value surfaces

Suitable for sticking on water diluted acrylic paints

All renovation works, particularly for outdoor painting, and heat protection
