

BA 7575

Surface Protection Film

Description:

BA 7575 is a transparent surface protection film designed to protect large areas from dirt, moisture, and handling damage. BA 7575 features a thin, yet durable polyethylene film paired with a UV-resistant acrylic adhesive that holds securely to a wide range of surfaces, including glass, plastics, and painted substrates. BA 7575 is easy to apply, protects effectively in both indoor and outdoor environments, and removes cleanly after up to four weeks of outdoor UV exposure.

Features & Benefits:

- Extremely versatile
- Low-tack adhesive for secure but gentle bonding
- Transparent and thin profile
- UV resistance for up to four weeks outdoors

Applications:

Masking large glass areas during paint work

Surface protection in automotive and finishing applications

Construction/ Typical Properties	Value	
Color(s):	Transparent	
Adhesive:	Acrylic	
Backing:	PE Film	
	Imperial	Metric
