

# BA 8134

*Thick PET Fleece for High Noise Dampening*

## Description:

BA 8134 is a PET fleece wire harness tape with a rubber-based adhesive. Standard widths are 9, 19, 25, and 32mm with a standard length of 7.5m. Further dimensions are available upon request with most combinations of width and length being possible.

## Features & Benefits:

- Abrasion resistance
- Hand tearable

## Applications:

Passenger compartment noise dampening

| Construction/ Typical Properties | Value      |         | Test Method |
|----------------------------------|------------|---------|-------------|
| Color(s):                        | Black      |         |             |
| Adhesive:                        | Rubber     |         |             |
| Backing:                         | PET Fleece |         |             |
| Elongation at Break:             | 50%        |         |             |
|                                  | Imperial   | Metric  |             |
| Total Thickness:                 | 25.6 mils  | 650 µm  |             |
| Tensile Strength:                | 17.1 lb/in | 30 N/cm |             |
| Adhesion to Steel:               | 27.4 oz/in | 3 N/cm  |             |
| Temperature Resistance (max):    | 221°F      | 105°C   |             |
| Temperature Resistance (min):    | -40°F      | -40°C   |             |
