

BA 8861

Surface Protection Masking Tape

Description:

BA 8861 is a single-sided transparent self-adhesive polyethylene tape for masking large areas of plastic parts during professional painting processes. BA 8861 is an interior protection tape for slightly structured surfaces. BA 8861 features an acrylic adhesive that allows secure placement on plastics, composites, and textiles commonly found in automotive interiors, preventing scuffs, dirt, and handling damage without leaving residues.

Features & Benefits:

- Clean removal
- High adhesion on PP, ABS, and textile surfaces
- Prevents damage and repairs
- Transparent

Applications:

Masking during painting applications

Protection of various surfaces against dust and damage

Construction/ Typical Properties	Value		Test Method
Color(s):	Transparent		
Adhesive:	Acrylic		
Backing:	PE Film		
Elongation at Break:	200%		
	Imperial	Metric	
Total Thickness:	3.3 mils	84 µm	
Tensile Strength:	8.6 lb/in	15 N/cm	
Adhesion to Steel:	22 oz/in	2.4 N/cm	

The physical properties listed above are typical values and are not to be construed as specifications. Our suggestions and recommendations for use are based on tests we believe to be reliable. **Bron Aerotech does not warrant that the product is fit for any particular purpose.** Purchaser must determine suitability of the product for the intended use. Bron Aerotech, Inc. assumes no liability for claims beyond the replacement value of our product proved to be defective. Manufactured for and distributed by Bron Aerotech.
